# Fundraising begins for Italy victims (comment on this story)

When most people will be thinking of Easter eggs and bunnies, some Sudburians will be focused on fundraising.

The Italian Club in Copper Cliff kicked off its campaign to raise \$1,000 in fundraising for earthquake relief efforts in Italy.

At a general meeting last night, the Italian Club decided it would donate part of its sales to send money to Italy.

"We do a buffet every Thursday evening and we're going to donate a dollar from each sale, until the end of April," Andrea Crombez, Italian Club representative, said.

"As well, we're going to have donation jars at both our Thursday dinner and our Friday lunch."

Up to 100 people usually attend the Thursday dinners, according to Crombez, and more than 100 attend the Friday lunches.

There are four buffets and three lunches left in April for fundraising.

"Whatever is raised, we're going to donate potentially to the Red Cross. We're going to wait and see where they need the funds or where the efforts needed," Crombez said.

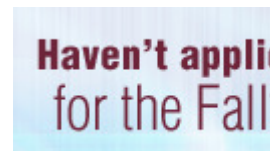

After the fundraising, the club will make its decision, she said.

Nationally, the Canadian Red Cross has established an agreement with the Italian Red Cross Society for relief and recovery and is accepting donations to help support relief efforts for areas affected by the earthquake in L'Aquila, Italy.

Italian Red Cross rescue teams were on the scene of the disaster an hour after the earthquake struck and continue to be active in the emergency response phase, providing survivors with meals, blankets, emergency shelter, ambulances and field hospitals to assist the injured, according to a press release by the organization.

Over the last few days, the Red Cross has received hundreds of calls from concerned Canadians seeking to help, the organization said.

We all should support out Italian friends in Sudbury. Their immigrants helped to build this city more than many other cultures. We should not let their friends and families down in this time of need.

I never said more than any. I said more than most. I'm not talking about 2001 either. I'm talking about when this city was being built in the mid 1950's or so. It's not a matter of numbers, its a matter of contribution. Regardless, the real issue is that we should support fellow community members whose families and friends really need our help.
